Carroll CC Course Selection Details

GENERAL EDUCATION:

- 1) Students should choose **MATH 115 Introduction to Statistical Methods** as their **Mathematics Gen Ed course** in order to satisfy a Core Curriculum required and required course in the major at TU. Students who do not complete MATH 115 at Carroll CC will be required to complete MATH 231 at TU.
- 2) General education requirements without a specified course may be satisfied by any approved course for that requirement. Students should refer to the Carroll CC catalog for a list of approved courses for each requirement.
- 3) Students should not complete PHIL 105 Ethics for their arts and humanities or general education elective requirement. This is not advised because there is already a Core 14 Ethical Perspectives course required within the major at TU. Students will not be exempt from the major requirement and may be required to complete a different Core Curriculum requirement if they take PHIL 105.

ADDITIONAL INFORMATION

Students who wish to take another course within the maximum of 64 transferable credits may one of the following courses:

- 1) HIT 225 Health Care Delivery Systems: This would satisfy the HLTH 207 requirement in the major
- 2) SOC 120 Introduction to Aging Studies: This would satisfy the GERO 101 requirement in the major.

Taking either of these courses is only a suggestion and is not required by Carroll CC's degree requirements or in order to transfer under this agreement.
