Carroll CC Course Selection Details

GENERAL EDUCATION:

Students should complete the following courses for the specified Carroll CC general education requirements in order to satisfy requirements in the business administration minor at TU. This minor is a requirement of the health care management major.

- 1) For the Mathematics Gen Ed, take **MATH 115 Introduction to Statistical Methods** to satisfy the statistics requirement for the minor.
- 2) For the Social & Behavioral Sciences Gen Ed, take both **ECON 100 Principles of Micro Economics** and **ECON 102 Principles of Macro Economics** to satisfy required courses in the minor.

General education requirements without a specified course may be satisfied by courses of a student's choosing. Students should refer to the Carroll CC catalog for a list of approved courses for each requirement.

NOTE: Students should not complete PHIL 105 Ethics for their arts and humanities or general education elective requirement. This is not advised because there is already a Core 14 Ethical Perspectives course required within the major at TU. Students will not be exempt from the major requirement and may be required to complete a different Core Curriculum requirement if they take PHIL 105.
