## Introduction

Being a Towson University recognized student organization has many responsibilities, including the opportunity to utilize space and resources on campus to host events.

The purpose of this guide is to assist students in planning successful events that are consistent with university policies and procedures. The policies and procedures are designed to facilitate the event planning process and to ensure the safety and well-being of the campus community.

Towson University prides itself in establishing, maintaining, and encouraging an array of co-curricular activities on campus. We encourage organizations to develop events that enhance a sense of community, value diversity, and honor tradition. We want to ensure that your experience with planning and participating in events on campus is enjoyable and rewarding.

This guide has been developed based on University policies, procedures, and standards while following: Maryland Fire Protection Code, The National Fire Prevention Association (NFPA), and Occupational Safety and Health Administration (OSHA).

Event and Conference Services (ECS) is divided into two main offices:

- In UU 119, students are able to speak directly to Reservations should they have any issues with the online [reservation form](#). The office line is 410-704-2600.
- In UU 212 (next to the University Union Information Desk) students are able to speak with an Event Manager for any questions regarding the details of their event. The main office line is 410-704-2315. Office hours are Monday through Friday 9am to 6pm.

**Towson University's policies, programs, and activities comply with federal and state laws and University System of Maryland regulations prohibiting discrimination on the basis of race, color, religion, age, national origin, sex, disability, sexual orientation, gender identity or expression, and veteran status.**

## Important Dates & Deadlines

Student meetings and events are scheduled during the semester through ECS. Scheduling events during finals week is not permitted.

### Signature Weekends in 2016-2017

Labor Day Weekend	September 1 – 4, 2017
Family Weekend	October 13 – 15, 2017
Homecoming Week	October 22 – 28, 2017
TigerFest Weekend	April 27 - 28, 2018

We will make every attempt to accommodate labor intensive events booked during Signature Weekends given our limited space and resources.

### Planning Deadlines

<b>21 Days</b>	Large limited capacity events (e.g., concerts, walks and runs) require at least a 21 day notice.
<b>14 Days</b>	Events and meetings which require Technical Services, staffing, catering, rentals and/or parking must be planned with your Event Manager at least a fourteen (14) days in advance.
<b>13 Days – 24 hours</b>	Events and meetings planned between 13 days and 24 hours will have their event space setup request accommodated, however, requests requiring Technical Services or staffing will not be guaranteed and will be fulfilled based on staffing and equipment availability.
<b>10 Days</b>	Please ensure the following forms are submitted at least 10 days in advance: catering, parking services, food waiver request form and the fire permit form.
<b>24 hours</b>	Reservation requests will be granted on an “As-Is” basis – meaning any existing setup will need to be used. No additional services will be provided.

## Reservation Process

### *Who may reserve space?*

Groups must be University registered student organizations in "Involved @ TU" and in good standing to reserve space (e.g. not on probation and financial arrears). If you need information regarding your financial standing, please contact the SGA Accounts Manager located in UU 226; [vyoung@towson.edu](mailto:vyoung@towson.edu) .

**TWO Authorized Representatives** from each organization may reserve space/submit reservation forms. ALL reservations will be listed as 'tentative' until both assigned organizational planners have completed the Student Guide to Planning Events Course and passed the 4 quizzes with a score of 80% or better. Student organizational planners who are authorized to access the Student Guide to Planning Events Course may do so by going to the following link: <http://blackboard.towson.edu/>

Once ECS is notified that both assigned organizational planners have complete the Student Guide to Planning Events Course, the contact information for that group will be maintained until the following school year or until a position change within the organization itself.

### *How can I make a reservation?*

Click on the link and complete the reservation form. [Make a reservation here.](#)

### *When can you reserve space?*

During the spring 2017 semester, initial space requests can be submitted beginning Monday, April 3. Additional reservations will be taken on a first-come, first-served basis beginning Monday, April 17, 2017 (reminder of date will be sent via email). [Make a reservation here.](#)

**IMPORTANT:** Filling out a reservation form does not guarantee the space you requested. When submitting the form, you will receive an email from reservations that they have received your request. **THIS IS NOT A CONFIRMATION!**

**\*Also technical services/set up is not guaranteed based on this request.**

After the reservation form is reviewed and processed, you will receive an email confirmation. Please check your reservation confirmation for exact dates and locations. At the same time, you will be assigned an Event Manager to help you in the event planning process.

**DO NOT** advertise for an event **UNTIL** you receive an email confirmation.

- For general questions pertaining to Reservations, please e-mail [reservations@towson.edu](mailto:reservations@towson.edu).

### ***How much space can you reserve?***

During the initial reservation period from April 3 through April 17, 2017, organizations may request one weekly meeting and two large events (one per semester). After April 17, additional events and meetings may be requested as space allows.

### ***What space can you reserve?***

#### **Academic Classroom Usage for Student Groups**

Expectations: Students and other users of classroom space are expected to respect the space, furniture, equipment, and building. Classrooms are to be returned to their original state and noise level is to be kept to a minimum. Usage of academic space is a privilege and groups using the space must be very conscious that classes are in session and cannot be disturbed. Consequences for violations including disturbing a class may result in fines and/or loss of privileges.

\*Classroom space: reserve through ECS reservations system and Registrar's Office based on availability.

#### **Burdick Hall Gyms**

Reserved through ECS reservations system, Campus Recreation Services (CRS) approves based on availability. Currently not available due to construction through the summer of 2017.

**Outdoor Space** – The following spaces can be reserved through the ECS reservation system

- **Beach** - Amplified sound is not permitted at this location.
- **Burdick Field:** - After submitted to ECS Reservations, CRS approves based on availability. Click for [Burdick Field Policies](#).
- **CLA Lawn** - There are specific sound limitations for this space.
- **Freedom Square** - After submitted to ECS Reservations, the Director of Civic Engagement and Leadership must approve use. There are specific sound limitations for this space.
- **Newell Field**
- **Paws Pavilion**
- **South Campus Pavilion**
- **Speaker Circle** - There are specific sound limitations for this space.
- **Tiger Plaza** - There are specific sound limitations for this space.
- **Under the Lecture Hall** – This area may not be reserved for an event. It is a tabling location only. Please see the [Tabling Procedures](#).

## Specialty Space

- **Johnny Unitas Stadium** – Johnny Unitas Stadium may be used for major student events, however, reserving the stadium is difficult due to the number of events and practices which take place in this venue. Concerts and other large events should be avoided due to the probability of severe weather which has frequently interfered or cancelled programming in the past.
- **Minnegan Room** – This venue is limited to high level student events that warrant use of this specialized venue. Housekeeping charges apply when food is served.
- **South Campus Pavilion** – This venue is usable for student events which warrant use of this specialized space. Improvements to the pavilion over time will include: window walls, heating / air conditioning and restroom facilities. An attendant and housekeeping charges apply to use of this venue.
- **SECU Arena** – This venue is usable for major student events which warrant and have the funding to cover the incremental costs of using this specialized space. Events like the SGA inauguration is a perfect use of the SECU concourse.
- **Center for the Arts & Stephens Hall Theaters** – This venue is usable for major student events which warrant and have the funding to cover the incremental costs of using this specialized space as available.
- **Towson Center** – This venue is the practice facility for many of TU's Division I athletic teams and academic space for classes. Due to heavy usage, a limited number of student events can use this space based on availability.

## Student Event Planning

The planning process for an event should begin before a student visits ECS. The TWO Authorized Representatives (two per student group) should meet with their event committee and work out the most important details beforehand. The student(s) assigned to develop the event will meet with their Event Manager to plan and coordinate the event.

*\*Note: Your Event Manager will be assigned after your reservation is submitted.*

### Important details include:

- What type and/or purpose of event?
- What possible dates, times, locations to hold the event?
- Who/how many people will attend?
- How will the space be set-up?
- Does the event require audio/visual (technical) needs?
- Will the event involve food/beverage?
- How will the event be advertised?
- What is the budget for the event?\*

\*Events estimated over \$500 must be verified by SGA to ensure funding is available.

After determining the details and reserving space, you will be assigned an Event Manager.

**Your assigned Event Manager** will assist with the planning and execution of your event. They will help meet your event goals, maintain a safe environment and adhere to University policies and procedures.

## **Campus Safety/Security**

Security requirements for events will be determined and coordinated by the Towson University Office of Public Safety, Event & Conference Services, Campus Life, and the Center for Student Diversity. Security can also be added at the request of student organizations; however no TU group or outside entity is permitted to contract separately for security services for events held on campus. Any speaker or performer who maintains their own security presence will coordinate such presence with TUPD. No armed outside security staff will be allowed without written permission from TUPD. (This does not apply to on-duty members of local, state, or federal law enforcement who are on campus accompanying a visiting dignitary or working in conjunction with TUPD).

While each event may have its own set of unique circumstances, the following factors are considered in determining the appropriate staffing (numbers and make-up) as well as the operational measures/procedures. The list of factors is not meant to be all inclusive but serves as a baseline starting point in planning for an enjoyable and safe event. Decisions made by the Assistant Vice President of Public Safety are final. However, in the event of any questions or concerns about security, please discuss with your Event Manager.

## **Precautionary Safety Measures During Entry**

### **Wrist Banding**

Wrist banding occurs when access and/or capacity needs to be monitored. The wrist bands help staff identify which students belong in restricted areas or which specific student organization staff is working the event. Wrist bands also serve as admission and provide re-entry at some events. Wrist banding may also identify persons who have had their photo identification checked when alcoholic beverages are being served or to identify the seat a guest has purchased. Wrist bands are provided for use at student events at no charge when necessary.

### **Wanding**

Upon consideration of Risk and Mitigation Factors outlined above, wanding may be performed by contracted security or professional ECS staff at large events such as concerts, shows, sporting events, late night events and other events based on the risk factors associated with the event. Wanding is the process of waving a hand-held metal detector over guests to identify prohibited items.

### **Bag Checks**

Upon consideration of Risk and Mitigation Factors outlined above, bag checks may be performed by contracted security or professional ECS staff at events in the SECU Arena, Unitas Stadium, concerts in PAWS, Late Night events, and other events. All guests will have their bags searched. Bag checks are conducted to remove prohibited items prior to entry. \*Prohibited items include but are not limited to pepper spray, knives over 3 inches in length, cigarettes, vapes, and selfie sticks.

### **Item Collection/Return**

Prohibited items will be collected at the entrance by contracted security or full time ECS staff and placed in an envelope at the gate. The guest will then fill out the label on the envelope with their contact information. The envelope will remain at the gate under the security of the staff, and can be picked up when the attendee leaves the event. If an attendee forgets to pick up their item, items may be retrieved from the University Union, Information Desk.

## **Precautionary Safety Measures**

### **Command Center**

Based on an event's size, complexity, risk level or history of past problems within the past three semesters, a Command Center will be utilized. Following the principles of Incident Command Systems (ICS), there will be a Unified Command including staff with decision making authority. An incident action plan will be formulated ahead of time and reviewed and approved by all members of the Unified Command in advance. The purpose of the Unified Command is to ensure the Incident Action Plan is executed, while simultaneously being able to assess, analyze, and respond effectively to any unplanned incidents, emergencies or changes necessitating modifications or emergency action.

### **Crowd Control**

The University through competitive bid has hired contracted security to handle crowd control and security at events. This staff performs a number of tasks including, crowd control, bag checks, wandering and observation of an event to maintain a safe environment for all attendees.

### **Student Event Staff**

Student Event Staff are hired to work at events for a variety of crowd control reasons. These students are certified as Crowd Control Managers through a program approved by the Maryland State Fire Marshall and are at the event for your safety. They should be treated with the same respect as a full-time professional Event Manager.

Student Event Staff are required at the Auburn House, Auburn Pavilion, CLA, SECU Arena, and Chesapeakes I or II when used individually if you have over 49 people in attendance during your event. The Student Event Staff also serves as the sound monitors at outdoor events.

## **Health and Well-Being Safety Measures**

### **Ambulance**

Advance Life Support (ALS) ambulance service is standard at all large student concerts in SECU Arena, University commencement, and sporting events in Johnny Unitas Stadium with 2000+ expected attendance. Ambulance service may be requested in advance for other events where this service is deemed necessary for safety reasons.

### **Paramedics**

Towson University requires medical personnel to be in attendance for events where crowds are expected to reach or exceed 500 people in a venue. They are also present at all walks/runs regardless of the size. The Paramedic acts as the first responder during a medical emergency, to initiate emergency medical service and stabilize a patient until Advanced Life Support arrives.

### **Severe Weather**

Severe weather may include approaching lightning or a tornado. In the event of a lightning storm, you will be directed to move in a calm and orderly fashion to a Safe Zone. A Safe Zone is considered an area with walls, a roof, and floor. A vehicle is a Safe Zone if it has a hard top and the windows are rolled up. During a tornado, the Safe Zone will be in a windowless hallway in the basement of a building. Event participants should be prepared to move as soon as they are directed to do so.

## Event Type Definitions

- **“As Is” meetings/events**

“As Is” for requests submitted under 24 hours of the event date. Your organization would take the room as it currently is, without the expectation of additional tables, chairs or technical services. This means you could walk into the room and it is completely empty or contains only chairs. When an “As Is” space is used, it must be returned exactly as found for the next student organization using the space.

- **BBQs/Cookouts**

**Food order/waiver and fire permit** must be requested **at least 10 days in advance** of your BBQ. This also ensures ECS time to schedule a technician to monitor outdoor sound. It is important the event does not interrupt nearby classes or neighbors.

\*Lights and sound must conclude by 10pm.

Concerts and large entertainment events in any of our venues require at least 21 days to properly plan and staff. Proper planning is a must for any event that is contracted, has a technical rider, requires a good amount of in-house tech, is ticketed, needs parking, or requires security.

- **Co-Sponsorships with off-campus entities**

Co-sponsorships may be defined as joint participation, with an off campus entity, in the planning, implementation and/or financing of events and programs. Registered student organizations may co-sponsor campus events in compliance with University and SGA policies and procedures. These events must be planned with a *minimum of 21 days in advance*.

1. Events co-sponsored by corporations should be intended primarily for the campus community. They should be consistent with the University's identity as an educational institution and enhance or expand upon existing events.
2. Registered student organizations planning an event to be co-sponsored by an outside entity must have sufficient funds in their general account to cover the estimated operational costs of the events.
3. Co-sponsored events designed to generate funds for the off-campus group/entity must sign a “Co-Sponsorship Agreement” with the terms of the sponsorship outlined and approved by the AVP for Campus Life.
4. The sponsoring student organization must assume complete responsibility for the program, including the nature of the event, planning and implementation, maintenance of facilities and all cost related to event.

This allows organizations to be scheduled back-to-back without the need to take a room off-line to reset it prior to each meeting. Preset space after 5pm will not be altered by the ECS setup crew. Student groups who alter the space must change it back to its original setting.

- **Tabling**

Student organizations may reserve tables to distribute information, promote events, recruit, fundraise, and sell merchandise.
