

## New Definitions

- **Dual enrollment:** Refers to high school students enrolled in college courses for credit. In accordance with IPEDS, student performance is recorded on a college transcript and postsecondary credit is awarded for a passing grade in the course. Dual enrollment includes: All postsecondary courses, independent of course delivery mode, course location, course instructor, whether secondary credit is also offered, and whether the student enrolls through a formal state/local program or enrolls outside a formal state/local program. Dual enrollment excludes: Credit-by-exam models such as Advanced Placement (AP) and International Baccalaureate (IB) in which the student is not enrolled in a postsecondary institution.
- **Outside a dual enrollment program:** High school students who simply enroll in credit courses through your institution and are treated as regularly enrolled college students.
- **Unduplicated Count of High School Students Enrolled for Credit:** Include all high school students enrolled in college courses for credit within or outside of a dual enrollment program.
- **Within a dual enrollment program:** Program within an organized system with special guidelines that allows high school students to take college-level courses. The guidelines might have to do with entrance or eligibility requirements, funding, limits on course taking, etc.
